

Monthly updates for Denmark High Schools Future Business Leaders of America

December Recap

On December 10th, **Todd Jones** was a guest speaker at Denmark High Schools Virtual Meeting. Mr. Jones is a **business executive** and community leader, holds office in the Georgia House of Representatives, and sponsored a bill for Forsyth County community improvement. He motivated and inspired Denmark FBLA with his works on success, pushing past failure, and how we all can make an impact. Members were able to ask questions, learn about how they can be successful, and how **success** isn't a measure of money, but rather the positive **impact**.

With the end of Winter Break, we hope that you had time to recharge, re-fuel, and relax.

If you missed any of our meetings, our **Its-learning** page has previous **recordings**, **RLC resources**, and sign ups for **help sessions**.
