

Monthly updates for Denmark High Schools Future Bussiness Leaders of America

## September Meeting Recap

Our September Chapter Meetings consisted of the basics including payment information on My Payments Plus (prices are now increased), SLC/NLC drive through awards,, and information on service opportunities.

The offered community service opportunities include, online and in person opportunities. Peer tutoring can be done online or in person, for students who are willing to commit time towards teaching other students on subjects they excel at. Participating in Feed Georgia by sending in canned food, and participating in Boredom Busters by donating toys and art supplies are significant ways to increase your community service.

The meeting also went through BAA's and CSAs, which include different community service hours, and other assignments.

Freshman & Sophomore, Juniors & Seniors were separated into tow groups to best explain the opportunities available to them, and how to achieve all the benefits FBLA has to offer.

## UPCOMING EVENTS
